

Restaurants

- **Mars 2112** (51st/Bway) - food stinks, but take the space ship ride to get in that kids love and the whole place is some kind of cross between Star Wars and Star Trek.
- **Ruby Foos** (1626 Bway/49th St). Sushi, Chinese and other Asian
- **Becco** (355 W 46th, 8th Ave) – Italian, prix-fixe menus, all you can eat Pasta
- **Meskerem** (468 W 47th, 10th Ave) – Ethiopian. Inexpensive, interesting, and if you’ve never eaten by using spongy bread to pick up your food (no utensils), it’s fun and a must-try. Most spicy and many vegetarian friendly.
